Post Summary

The post holder will have responsibility for managing and assisting with co-ordinating clinical research studies conducted within Intensive Care, ensuring that studies are run to the highest standards incorporating Good Clinical Practice Guidelines.

The post holder will be the lead nurse responsible for clinical studies and in this role will liaise with clinical investigators to implement protocols within the clinical setting. These projects will be a combination of clinical trials through the Clinical Research Facility and local investigator led studies with ICU consultants

Standard Duties and Responsibilities of the Post

Key duties and responsibilities:

Clinical Management (60%)

- Co-ordinating investigator led research in conjunction with the ICU lead consultant. All ICU research studies occurring within the unit or offsite –with particular attention to recruitment to target, informed consent process, adherence to protocol and ICH-GCP, ensuring good communication links with Principal Investigator and Sponsor, reporting of adverse events and serious adverse events.
- Troubleshooting with PIs on ICU related studies that have low recruitment numbers, ensuring good communication links are established and maintained with the PI throughout the lifecycle of the study.
- Support ICU team throughout the study cycle from opening to closing studies.
- Active engagement with PIs on all ICU studies in collaboration with the research consultant assigned to that study.
- Assisting with ICU study protocol visits as required depending on service needs.
- Assisting with ICU study set up and ensuring study timelines are met in a time efficient manner
- Assisting the Clinical Research Facility with ICU clinical trials study feasibilities with Principal Investigators, Sponsor.
- Maintain effective communication with patients, carers and professionals to ensure high quality service delivery.
- Coordinate the collection of any biological samples required as part of the clinical trial/study and ensure safe and appropriate storage of specimens, in conjunction with study team members and CRF nursing teams.
- At all times ensure maintenance of clear, accurate records, case report forms, study files for patient and staff records for team members.

- Implement and adhere to the principles of Good Clinical Practice (GCP) and ensure that all ICU related trials are conducted according to the Medicines for Human Use (Clinical Trial) Regulations 2004 and Amended Regulations 2006 where appropriate.
- Liaise with the relevant authorities such as ethics to ensure approval is in place before the study commences.
- Participate in writing and updating local procedures such as Standard Operating Procedures relating to ICU studies in conjunction with ICU Consultant and ADONs (Research & Critical Care).
- Perform tasks requiring highly developed clinical skills including phlebotomy, cannulation, the administration of trial drugs, and other ICU study specific interventions and keep up to date with current practices.
- Participate and oversee internal monitoring, Sponsor monitoring and regulatory audits such as the HPRA

Educational (10%)

- Ensure CRF mandatory training and research specific training is undertaken and updated as required for all staff.
- Contribute to education and training events as appropriate.
- Work collaboratively with the ICU staff to ensure team has skills, knowledge and competence to deliver service excellence.
- Facilitate ICU related research/evidence based practice and support research projects.

Managerial (30%)

- Report to the Consultant PI, Nurse Manager and Operational Management Team any adverse incident/near misses in relation to research portfolio activity.
- Undertake study set up meetings with research teams for new ICU related studies ensuring approvals (HPRA, Ethics, and local applications) are in place and work with study coordinators to ensure that all study documents such as flow sheets and Standard Operating Procedures are in place before a study commences.
- Facilitate and maintain effective communication within the ICU and CRF teams.
- Responsibly manage the control of equipment, resources and stock through the adherence to research and local policies and clinical trials budgets.
- Work collaboratively with the ICU Consultant PI, ICU Clinical Lead, Assistant Director of Nursing (ADONs) Research and Critical Care.
- Undertake annual performance review and appraisal of nursing team members, incorporating the Clinical Research Nurse Competency Framework.

- Manage staff performance in accordance with local policy.
- Undertake ICU related project work as designated by ICU Consultant PI, ADON, and provide regular feedback to CRF team through established communication forums.
- Ensure team members work to local and study specific standard operating procedures, auditing compliance as necessary.
- Maintain an environment conducive to Health and Safety, undertaking and escalating outcomes from risk assessments and inspections as appropriate/delegated by ADON/PI.
- Contributing to a pro-active, positive work culture
- Have an awareness of the strategic development plans for the CRF and ICU, working proactively to support new developments.
- Assist and develop a team approach to the day to day running of the CRF.
- Assist in attracting and developing pharmaceutical studies in the CRF.

Professional

- Be accountable for your own professional actions, and be a lead specialist for portfolio acting within clearly defined policies/procedures and codes of conduct including the Nursing Scope of practice and local policies.
- Undertake a Personal Professional Development Planning (PPDP) and Objective Setting (OS) annually to identify organisational and professional objectives and development needs.
- Keep up to date with departmental, local, national, academic and EU developments for the management of clinical research ensuring timely, effective implementation of changes.
- Maintain own competence in line with Clinical Research Nurse Competency Framework
- Attend courses as deemed relevant, including mandatory training, and to attend meetings and conferences as appropriate.
- Represent CRF as an expert research nurse in external situations such as national and international conferences, committees etc.

GARDA CLEARANCE:

Police vetting will be sought in respect of individuals who come under consideration for a post.

PLEASE NOTE: Applicants will be required to complete and return a Garda vetting form should they come under consideration for appointment. In some cases they may be requested to complete the form on the day of interview. This form will be forwarded to An Garda Síochána (Irish Police) for security checks on all Irish addresses at which they have resided. An Garda Síochána will make enquiries with the Police Service of Northern Ireland with respect to addresses in Northern Ireland. If an applicant is not successful in obtaining the post for whatever reason, this information will be destroyed. If an applicant, therefore, subsequently comes under consideration for another position, they will be required to supply this information again.

While applicants must complete information in relation to all addresses at which they have resided, the vetting is only done on addresses on the island of Ireland.

If an applicant has resided / studied in countries outside of Ireland for a period of 6 months or more, it is mandatory for them to furnish a Police Criminal Records Check/ Police Certificate from those countries stating that they have no convictions recorded against them while residing there. Applicants will need to provide a separate Police Criminal Records Check/ Police Certificate for each country in which they have resided. The Police Criminal Records Check/ Police Certificate must be dated after the date the applicant left the relevant country. Applicants should provide documentation in the English and/or Irish language. Translations must be provided by a registered translation company/institute in the Republic of Ireland; all costs will be borne by the applicant. Only original version documents will be accepted.

Applicants should be aware that any information obtained in the Garda Vetting process can be made available to the employing area.

It is the responsibility of the applicant to seek security clearances in a timely fashion as they can take some time. No applicant will be appointed without this information being provided and being in order.

The following websites may be of assistance in this regard:

www.disclosurescotland.co.uk

www.psnipolice.uk

This website provides information on obtaining a national police clearance certificate for Australia

www.afp.gov.au

This website provides information on obtaining police clearance in New Zealand.

www.courts.govt.nz

For other countries not listed above applicants may find it helpful to contact the relevant embassies who could provide information on seeking Police Clearance. Original Police Clearance documentation should be forwarded to Human Resources where it will be copied and the original returned to the applicant by post. **Any cost incurred in this process will be borne by the Applicant.**

Trinity College Dublin, the University of Dublin

Trinity is Ireland's leading university and is ranked 108th in the world (QS World University Rankings 2020). Founded in 1592, the University is steeped in history with a reputation for excellence in education, research and innovation.

Located on an iconic campus in the heart of Dublin's city centre, Trinity has 18,000 undergraduate and postgraduate students across our three faculties – Arts, Humanities, and Social Sciences; Engineering, Mathematics and Science; and Health Sciences.

Trinity is ranked as the 17th most international university in the world (Times Higher Education Rankings 2020) and has students and staff from over 120 countries.

The pursuit of excellence through research and scholarship is at the heart of a Trinity education, and our researchers have an outstanding publication record and strong record of grant success. Trinity has developed 19 broad-based multidisciplinary research themes that cut across disciplines and facilitate world-leading research and collaboration within the University and with colleagues around the world. Trinity is also home to 5 leading flagship research institutes:

- Trinity Biomedical Sciences Institute (TBSI)
- Trinity College Institute of Neuroscience (TCIN)
- Trinity Translational Medical Institute (TTMI)
- Trinity Long Room Hub Arts and Humanities Research Institute (TLRH)
- Centre for Research on Adaptive Nanostructures and Nanodevices (CRANN)

Trinity is the top-ranked European university for producing entrepreneurs for the past five successive years and Europe's only representative in the world's top-50 universities (Pitchbook Universities Report).

Trinity is home to the famous Old Library and to the historic Book of Kells as well as other internationally significant holdings in manuscripts, maps and early printed material. The Trinity Library is a legal deposit library, granting the University the right to claim a copy of

every book published in Ireland and the UK. At present, the Library's holdings span approximately 6.5 million printed items, 400,000 e-books and 150,000 e-journals.

With over 120,000 alumni, Trinity's tradition of independent intellectual inquiry has produced some of the world's finest, most original minds including the writers Oscar Wilde and Samuel Beckett (Nobel laureates), the mathematician William Rowan Hamilton and the physicist Ernest Walton (Nobel laureate), the political thinker Edmund Burke, and the former President of Ireland Mary Robinson. This tradition finds expression today in a campus culture of scholarship, innovation, creativity, entrepreneurship and dedication to societal reform.

Rankings

Trinity is the top ranked university in Ireland and ranked 108th in the world (QS World University Rankings 2020). Trinity ranks in the top 50 in the world on 6 subjects and in the top 100 in 20 subjects (QS World University Rankings by Subject 2019). Full details are available at: www.tcd.ie/research/about/rankings.

The Selection Process in Trinity

The Selection Committee (Interview Panel) may include members of the Academic and Administrative community together with External Assessor(s) who are expert in the area. Applications will be acknowledged by email. If you do not receive confirmation of receipt within 1 day of submitting your application online, please contact the named Recruitment Partner on the job specification immediately and prior to the closing date/time.

Given the degree of co-ordination and planning to have a Selection Committee available on the specified date, the University regrets that it may not be in a position to offer alternate selection dates. Where candidates are unavailable, reserves may be drawn from a shortlist. Outcomes of interviews are notified in writing to candidates and are issued no later than 5 working days following the selection day.

In some instances the Selection Committee may avail of telephone or video conferencing. The University's selection methods may consist of any or all of the following: Interviews, Presentations, Psychometric Testing, References and Situational Exercises.

It is the policy of the University to conduct pre-employment medical screening/full pre-employment medicals. Information supplied by candidates in their application (Cover Letter and CV) will be used to shortlist for interview.

Applications from non-EEA citizens are welcomed. However, eligibility is determined by the Department of Business, Enterprise and Innovation and further information on the Highly Skills Eligible Occupations List is set out in Schedule 3 of the Regulations

<https://dbei.gov.ie/en/What-We-Do/Workplace-and-Skills/Employment-Permits/Employment-Permit-Eligibility/Highly-Skilled-Eligible-Occupations-List/> and the Ineligible Categories of Employment are set out in Schedule 4 of the Regulations

<https://dbei.gov.ie/en/What-We-Do/Workplace-and-Skills/Employment-Permits/Employment-Permit-Eligibility/Ineligible-Categories-of-Employment/> . Non-EEA candidates should note that the onus is on them to secure a visa to travel to Ireland prior to interview. Non-EEA candidates should also be aware that even if successful at interview, an appointment to the post is contingent on the securing of an employment permit.

Equal Opportunities Policy

Trinity is an equal opportunities employer and is committed to employment policies, procedures and practices which do not discriminate on grounds such as gender, civil status, family status, age, disability, race, religious belief, sexual orientation or membership of the travelling community. On that basis we encourage and welcome talented people from all backgrounds to join our staff community. Trinity's Diversity Statement can be viewed in full at <https://www.tcd.ie/diversity-inclusion/diversity-statement>.

Pension Entitlements

This is a pensionable position and the provisions of the Public Service Superannuation (Miscellaneous Provisions) Act 2004 will apply in relation to retirement age for pension purposes. Details of the relevant Pension Scheme will be provided to the successful applicant.

Applicants should note that they will be required to complete a Pre-Employment Declaration to confirm whether or not they have previously availed of an Irish Public Service Scheme of incentivised early retirement or enhanced redundancy payment. Applicants will also be required to declare any entitlements to a Public Service pension benefit (in payment or preserved) from any other Irish Public Service employment.

Applicants formerly employed by the Irish Public Service that may previously have availed of an Irish Public Service Scheme of Incentivised early retirement or enhanced redundancy payment should ensure that they are not precluded from re-engagement in the Irish Public Service under the terms of such Schemes. Such queries should be directed to an applicant's former Irish Public Service Employer in the first instance.
